Warranty

Gatco, Inc. warrants that products sold by it shall be free from defects in material and workmanship. Gatco, Inc.'s obligation under this warranty is limited to furnishing without additional charge a replacement or, at its option, repairing or issuing credit for any product which shall within one year from the date of sale be returned freight prepaid to Gatco, Inc. and which upon inspection is determined by Gatco, Inc. to be defective in materials or workmanship. Complete information as to service, mounting and lubrication should accompany any product returned for inspection. The provisions of this warranty shall not apply to any Gatco, Inc. product which has been subjected to misuse; improper mounting, assembly or lubrication; or which has been repaired or altered if such repair or alteration in the judgment of Gatco, Inc. would adversely affect performance of the product.

This warranty is in lieu of all other warranties, expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose and is also in lieu of all other obligations or liabilities on the part of Gatco, Inc., including any obligation or liability arising from contract, tort or otherwise for damages whether direct, indirect or consequential. There are no other warranties, expressed or implied, made by Gatco, Inc. except the warranty against defects in material and workmanship set forth above and Gatco, Inc. neither assumes nor authorizes any other person or firm to assume for it any other obligation or liability in connection with its products.

Important Note: The recommendations provided on this website are those generally applicable, but they are not to be interpreted as applying, without reservation or exception, to each and every application. The model and type of each rotary bushing or toolholder selected for a given application, and other conditions surrounding that application, may modify these average limitations one way or the other. Therefore, it is recommended, in most cases, to provide full information to us and let our experienced engineering department submit their recommendation.
